A Message from Sheriff Gammons...

Ensuring public safety requires a partnership between law enforcement and the citizens we serve. By working together, we can effectively identify and resolve issues in our community, and reach out to our fellow citizen and take decisive steps to prevent crime. Project SCAN offers you, the civic-minded citizen, an opportunity to get involved and to make a difference. I encourage you to read this brochure carefully. Take just a moment to complete the reply card and drop it in the mail. I look forward to working with you.

Sincerely,
Mark Gammons,
Sheriff

Project SCAN is...

The Senior Citizens Awareness Network **(Project SCAN)** was developed by the Macon County Sheriff's Office as a partnership, and an opportunity to serve.

A Partnership...

Public service organizations like the Macon County Sheriff's Office have come to recognize that the older citizen represents both a valuable community resource and a unique constituency with very specific needs. SCAN strives to provide an opportunity for citizens to become involved in public service while helping meet the needs of this growing population.

An Opportunity to Serve...

Project SCAN Officers are uniformed representatives of the Sheriff's Office. SCAN Volunteers go into the community to check on the safety and security of older citizens who have enrolled in the program. SCAN Officers drive to the homes of these citizens making personal contact, providing home security surveys, crime prevention information, and agency referrals. Additionally, SCAN Volunteers will assist local law enforcement as community based partners, reporting crime and emergency situations to E-911.
